Dear Josh,

The enclosed correspondence is pretty self evident.
Do you have any thoughts? Bob & Christine Beshar are
clearly going to be vigorous in the supporting of the
University and I'm anxious to respond.

With all the best wishes to you and Marguerite for
1980.

Yours ever,

Alick

P.S. Pat Haggerty presumably knows Noyce.

*Alick - I know Noyce and have admired him a long time. He rebuffed Pat H's
suggestion that he (Noyce) be considered for the R.U. Board and is adamant
about not travelling to N.Y.C. But I will try to see him on my next trip to SFO.
I will also call Beshar to thank him for his efforts, and for any further advice.
Many thanks,*
